**August Meeting:**

Review draft OHPB report

# SDOH&E- Questions and Policy Options

CCO  
2.0

Questions	Policy Options
<p><b>How do we better ensure provider cultural competency, language accessibility, a diversified workforce, and access to critical services across the state within a CCO and its provider network that reflects the population served by the CCO?</b></p>	CCO Internal workforce/infrastructure requirements (e.g. health equity position, health equity plan, cultural competency criteria) to coordinate and support health equity activities
	Strengthening requirements for Traditional Health Worker contracting and utilization
	Explore strengthening telehealth reimbursement requirements
<p><b>How can OHA encourage CCOs to spend more in social determinants of health &amp; equity work, and hold CCOs accountable for their spending?</b></p>	Defining SDOH & Equity for CCOs
	Requirements or other ways to promote or increase overall spending related to social determinants of health and equity (SDOH&E)
	Additional ways to promote CCO use and reporting of Health-related Services (HRS)
	CCO incentive metrics that address SDOH & Equity
	Community Health Improvement Plan (CHP) implementation requirements/expectations
<p><b>How do we strengthen CCO partnerships and ensure meaningful engagement to support social determinants of health &amp; equity work?</b></p>	Community Advisory Council (CAC) and Governance connections and representation
	CCO community partnership requirements
<p>What changes can we make to improve our understanding of social determinants of health &amp; equity initiatives and disparities?</p>	SDOH & Equity Data and Accountability

# Cost – Policy Options Under Consideration

CCO  
2.0

Policy Lever Category	Policy Options
Cost driver analysis and evaluation of spending targets	Evaluating 3.4% sustainable growth rate target and setting parameters for future target
	Use total cost of care data elements to evaluate cost drivers (service categories, medical conditions, other parameters)
Financial oversight, reporting, solvency and other data requirements	Improve encounter data requirements and validation
	Improve financial oversight and reporting requirements
	Evaluate and adjust requirements related to solvency, reserves, capacity, etc...
Quality pool structure and incentives for CCO performance metrics	Review and modify quality pool structure and funding
	Align payment structure with goals & options of other CCO 2.0 work
Rate setting procedures and methodology	Variable profit margin in CCO rates based on efficiency and quality
	Clarify medical cost definitions
	Reimbursement policy changes
	Move to 2-year rebasing of capitation rates
Risk mitigation strategies	Develop program wide strategies to manage risk and control high/outlier costs (potentially a reinsurance program)
