Re: '21 Legislative Session Bill Recommendations

Update:

The CLHO Legislative Committee met last week to review the bills of the 1805 that were introduced that may be of interest to local public health. There were several bills that were identified that the committee will need additional information on and directed Morgan to speak with legislators and other advocates to get more information.

Bill positions and priority recommendations:

HB 2760 / SB 70 – Creates Regional Health Equity Coalitions. Both the House and Senate bill create Regional Health Equity Coalitions in Oregon law. Recommended position – support. Recommended priority – 3.

HB 2261 – Internet sales ban of e-cigarettes. Bill would ban the sales of e-cigarettes via the internet (inhalant delivery systems) in with tobacco products in Oregon law. Recommended position – support (as CLHO has supported in 2019 and 2020). Recommended priority – 2.
