

Conference of Local Health Officials Annual Committee Report of Activities - 2022

During the Annual Meeting of the Conference of Local Health Officials in October, the six subcommittees review their work from the past year, discuss future work, and present any needs for support or additional representation.

Co-Chairs: please provide the answers to the following questions in writing and send it to laura@oregonclho.org by October 12th. In addition, please plan on attending the October 20th, 2022 CLHO meeting to provide a brief (~5-minute) summary of this information. If neither chair can attend, please arrange to have another committee member attend to provide this report. Reach out to Laura with any concerns.

Committee: Health Promotion and Prevention

Co-Chairs: Jennifer Little & Elisabeth Maxwell

- 1) What is the purpose of your committee (please include the issues that are within your committee's purview)?

The Prevention & Health Promotion committee provides guidance and recommendations to the CLHO board for existing and new areas of work as it relates to collecting and disseminating relevant data; developing plans to address health needs; and improving social, emotional, and physical health and safety especially as it relates to tobacco-use, alcohol/drug misuse and abuse, nutrition, physical activity, oral health, childhood and maternal health, and intentional and unintentional injuries. Social determinants of health underscore all program areas and should be incorporated in all aspects of the work to ensure equitable, upstream approaches. As a Foundational Program in Public Health Modernization (PE 51) Prevention and Health Promotion work is evolving to incorporate areas of focus listed below and may expand to incorporate new areas of need.

Areas of work that can be addressed by the committee:

- Tobacco Prevention and Education (PE 13)
- Tobacco Retail Licensing (PE TBD)
- Sustainable Relationships for Community Health (PE 04)
- Drug Overdose (PE 62/ Prescription drug overdose PE 27)
- Suicide Prevention/Postvention (PE 60)
- Alcohol and Drug Prevention and Education (PE 36)
- Maternal and Child Health (PE 42)
- Adolescent and School Health (PE 44)
- Problem Gambling Prevention/ Gaming Addiction Prevention (Service element 80)
- Climate change adaptation (PE 51)
- Injury and violence prevention
- Sexual Health

3) How has your committee discussed or incorporated Public Health Modernization as it pertains to your committee's objectives?

We discussed it at our July 2021 meeting. A discussion about plans for the health promotion component of modernization and foundational capabilities was launched at the meeting. Sara Beaudrault gave an overview of Modernization and how HPP is connected. Two HPP committee members also serve on the S&I committee and provided an overview of their work and how it aligns with HPP. A small workgroup was formed to create a workplan that has this alignment at the forefront, but progress halted and has not yet resumed. More discussion in the future is planned.

- 4) When the CLHO Committees were restructured in 2018, each committee was asked to develop a charter and work plan. How are those materials working for your committee?
Are you meeting your work plan objectives?
We reviewed our charter and made changes to it during the last year. It was approved in committee in February 2022. The committee created a sub committee to create a workplan, but progress on that halted and has not yet resumed.
- 5) How are you sharing meeting materials with committee members?
We share materials through email before and after meetings, during regular meeting times and form workgroups when necessary.
- 6) How are you ensuring the CLHO Board (i.e. health administrators) receive relevant updates from your committee?
Jennifer serves on the larger CLHO committee and communicates with them. We also remind members to share information with their PH administrators.
- 7) Is there anything else you'd like to share with the other committees or the CLHO Board?
No
- 8) Please check the [CLHO website](#) to see if the list of your committee members is accurate. If there are any changes needed, please include those below. Please note if you need any additional members from small, medium or large LPHAs, or Administrators.
