

## Public health system metrics

The following set of metrics brings attention to health priorities in Oregon.

These metrics provide a framework to bring together governmental public health authorities, other sectors and partners, and state and local health officials to collectively change policies to create health for everyone.

These metrics also demonstrate improvements in Oregon Health Authority and local public health authorities' core system functions through public health modernization

Collective responsibility across sectors and partners	
Health priorities	Policy actions
Public health assessment	Public health policy development
Indicators of health outcomes  <i>What are priority health issues throughout Oregon?</i>  <i>Which groups experience disproportionate harm?</i>	Measures of policy landscape  <i>How are policies contributing to or eliminating root causes of health inequities?</i>
Level of accountability  The governmental public health system as a whole, other sectors and partners, elected officials.  Oregon's Public Health Advisory Board has a critical role to influence necessary policy changes.	

Oregon Health Authority and local public health authority accountability
Public health data, partnerships and policy
Public health assurance
Measures of foundational capabilities  <i>Are public health authorities increasing capacity and expertise needed to address priority health issues?</i>  <i>Are public health authorities better able to provide core public health functions within their community?</i>
Level of accountability  OHA and individual LPHAs
