

PHAB public health modernization funding workgroup

April 2023, DRAFT

Objectives:

- Make recommendations for system improvements in the allocation of additional public health modernization funds to CBOs for the 2023-25 biennium.
- Bring together CBO leaders, LPHA officials and PHAB members to discuss and make recommendations for system improvements.
- Establish a transparent planning process that respects and uplifts the differing roles of partners across the public health system and confirms the value that each partner provides.

Deliverables:

- Recommendations to PHAB and OHA on the three workgroup topic areas listed below.
- Benchmarks for equitable distribution of CBO funding.
- Strategies for system improvements.

Workgroup topics:

1. Strategies and benchmarks to ensure new funding to CBOs serves communities currently underserved by CBO public health equity funds (examples: geography, population size, burden of poor health outcomes, etc.)
2. Strategies to improve information-sharing, coordination and other system improvements to address community health priorities.
3. LPHA involvement in making funding decisions about new CBO awardees in 2023-25.

4. Proposal for determining future processes for selection of CBOs through the 2025-2027 funding opportunity

Workgroup duration:

OHA anticipates six 90-minute meetings between May-July. Meetings will be scheduled for the times that work best for most members.
