Tobacco Tax Briefing

Context Setting

- During the 2021-23 biennium, TPEP counties received funding from BM 108 funds
- Due to a delay in releasing the funds, these funds were allowed one-time carryover from the 2021-2023 biennium to the 2023-25 biennium
- This additional funding is not available for 2025-27, returning TPEP programs to a more stable level of funding
- The implementation of BM 108 is working, which impacts tobacco tax revenue
