---

A health equity framework that begins with a companion document to the Public Health Modernization Manual describing the role of CBOs in the areas of:

- Health Equity and Cultural Responsiveness
- Community Partnership & Development

# Why is this Important?

---

- Centers CBO voices, they define how they want to be included in collaboration
- Creates opportunities to collaborate across partner types
- List of potential strategies, buffet of options that require discussion and consent by CBO and Tribal partners

# Our Ask

---

- Additional perspectives from LPHAs needed
  - What would make this document more widely used by you and your staff?
  - Is there anything missing that you'd like to see included?
  - Do you have feedback about how the document reads, format and or structure?
  - Please avoid suggesting changes to bulleted lists created by CBOs
