Conference of Local Health Officials

Review of minutes		December minutes were approved	Co-chairs
SAPT Funding	Funding proposal	<p>The goal of the agenda item was to gather input on proposed SAPT block grant supplemental draft investments for local and state infrastructure and begin allocation process as soon as possible to distribute resources counties.</p> <p>The SAPT one-time supplemental engagement process has been a team endeavor (and pilot process with OHA and Prevention Ambassador colleagues). There has been a collaborative response to informing SAPT one-time supplemental prevention funding investments. Debby Jones said the group had gone above and beyond to get feedback for the funding approach. Tatiana, Megan and Amanda reviewed PPT. slides to share engagement to date, Triz Activity responses and draft SAPT one-time supplementation prevention investments. Jessica said the counties need to provide continued feedback. There was a concern that statewide mass reach health communications be tailored to county specific needs. Belinda said that counties should determine the best way to spend funding in their area with the local grants. Jamie asked about the health communication allocation and direct grants - if local grantees were able to spend money on paid media. Debby explained there were limited dollars for communication. Amanda responded that the requirements and details of direct funding had not been determined yet. Input from this sub-committee and Alcohol and Other Drug Prevention and Education Program (ADPEP) grantees will be synthesized, shared back and will inform the broad funding approach.</p> <div data-bbox="704 1598 758 1656" data-label="Image"> </div> <p>1.6.22 CHLO HPP_Prevention SAP</p>	Tatiana Dierwechter, Amanda Cue, Megan Gerdes & Debby Jones
